Mini-Bank
x4000

ATM

atm and
beyond

In a marketplace with constant change, Tranax' Mini-Bank x4000 offers **advanced functionality, flexibility and value** to keep up with market demand. This ATM has many high-end standard features such as a **high resolution 12.1" touch screen LCD panel**, voice and LED guidance systems, and an encrypting pin pad. Additional features include communication via a 56K dialup modem, TCP/IP or Wireless LAN and a range of options for **custom configuration**.

The Mini-Bank x4000 is easily complimented by our **sidecar chassis** to create additional revenue streams. No other ATM manufacturer offers the same level of advanced design and flexibility. The Mini-Bank x4000 delivers **quality and performance without sacrificing value**. That's the Tranax difference.
